Grayling's Fletching Jig is the most versatile jig on the market!

- Designed and constructed of high-tech material, our jig is durable and built to last.
- **New Improved** magnet adjustment, to help the user get the proper offsets.
- Our complete jig allows you to use adjustable and non-adjustable nocks when fletching cock feathers down or out arrows. Not all fletching jig makers offer you this option, having to temporarily glue your nock to your arrow and then REMOVE it is time consuming and costly.
- Now all fletching jig orders include the Crossbow Bolt Receiver and the Index shaft holder.

Grayling Fletching Jig & Clamp - GOP 160

All our Quivers are available

in RealTree® and Lost Camo®

PO Box 192, 2075 Industrial Dr. • Grayling, MI 49738
